

Toni Rajamäki

Software Developer / UI/UX Engineer

Greetings! I'm Toni! With a solid **2-year** background in professional **Software Development** and a **Master's degree** in **Human Technology Interaction**, I'm a curious learner who values **self-development**. I have a deep knowledge and passion for **UI/UX Design**, making me a well-rounded creator. Alongside my technical skills, I'm **business-knowledgeable**, adding value to your team. If you're seeking someone who aligns with these skills and values, then you're the kind of team I'm **excited** to join.
